

NEOWAX ST

Characteristics

Appearance	: Creamy Liquid
Nature	: Medium Soft Non-ionic Wax Emulsion
Solid Content	: $8 \pm 1\%$
pH (10% Sol.)	: 8.5 ± 0.5
Flexibility	: Good

REACH COMPLIANT

Green-Trek- Compliant

A symbol of our commitment to sustainable technologies

Storage : Store between +5 °c to 35 °c in original pack, well-sealed & stored.
Shelf-life : Product is stable for 6 months from the date of production / Invoice.

Non flammable

Avoid direct contact with skin

Prevent from freezing

Use Gloves / Ensure Ventilation

Fatty, waxy filler for fullness, smooth feel and strong masking action. Reduces resinous feel of finished leather.

NEOWAX ST is medium soft wax based filler which imparts a full and smooth feel to the leather. It is characterised by strong masking action and substantially increases the uniformity and coverage of the finish. It immensely improves the plating properties of resin finished leathers and is ideally suited for soft leather.

NEOWAX STF is normally used for resin finishing in ratio of 15-30% based on pigment weight to reduce the resinous feel of the finishing. Easily dilutable in water, and is perfectly compatible with all binders and auxiliaries in our finishing range.

Usage

Stir before use 

C/G upper	120 parts	Pigment - Nano Series
	150 parts	Acril-m S 8/1
	90 parts	Acril-m S 60
	60 parts	Neowax ST
	80 parts	Filler 12/61
	50 parts	Protop 18
	50 parts	Urez 894
	400 parts	Water
