

## OPECA TOP NF

Solvent dilutable nitro free matt top coat for white and pastel leather uppers for PU-soling.

### CHARACTERISTICS:

<b>Appearance</b>	: Creamish Fluid
<b>Solid Content</b>	: 11 ± 1%
<b>pH (10% Sol.)</b>	: N.A.
<b>Flexibility</b>	: Good
<b>Storage Stability</b>	: Normal Lacquer Storing Condition : Six months

**OPECA TOP NF** is used for application on white and light coloured leathers for imparting dry, waxy, handle and dull affect. The product can be used in conjunction with Clear Top or White Top for producing required dull finish and feel. The product being Nitro free, is ideally suitable for use in the production of leathers meant to be used in shoes having PU sole to prevent bronzing of finish during sealing.

### SUGGESTED APPLICATIONS:

**OPECA TOP NF** may be diluted with solvents like Butyl Acetate in the ratio of 1:1 to 1:2 depending on the degree of dullness required and should only be combined with light fast feel modifiers.

Clear Top may be used to regulate the gloss of this product.

LACQUERS
