**ACRIL-M Y 93** is a medium soft impregnation binder of fine particle size and high penetration. It is a very versatile product and can be used for full grain and corrected grain impregnation. The Product does not alter the feel and softness of impregnated leather.

**ACRIL-M Y 93** imparts maximum grain correction and filling to the treated leather. It provides smooth pull up at lasting, fine grain break, mellow handle & good buffing properties.

**ACRIL-M Y 93** may also be used in season mixture as a regular soft binder. It exhibits better impregnation properties if used in combination with Acril-m Y 26.
