

HARYANA

FILLER 12/61

Wax free dispersion of colloidal fillers in water.

PROPERTIES:

Appearance	: Creamy White Paste
Nature	: Colloidal Filler
Solid Content	: 22 ± 1%
pH	: 7.5 ± 0.5
Flexibility	: Good
Shelf Life	: Six months

FILLER 12/61 is a colloidal filler which is suitable for the finishing of wide range of leathers. It improves the coverage of finish without over loading/over filling the grain when used in high performance base coats application.

FILLER 12/61 exhibits very good filling properties and is highly beneficial for finishing of leathers with heavy defects, snuffed leathers and splits.

FILLER 12/61 imparts the opaque and dull finish thus effectively hiding the defects of leather surface. It improves the feel and plating properties of finished leather and also helps in avoiding sticking of leather during pile up.
