

FILLER KT

FILLER KT is a cationic filler based on amidic derivatives of fatty acids, which is free from any kind of binder and hence does not load the leathers.

CHARACTERISTICS OF EMULSION

Appearance	: Yellowish Paste
Nature	: Mildly Cationic
Solid Content	: 20 ± 1%
pH (10% sol.)	: 6.0 ± 0.5
Mechanical Stability	: Good
Shelf Life	: Six months

FILLER KT is mildly cationic waxy filler based on carefully selected ingredients, which can be used as an auxiliary for polishing pre-grounds and as a feel modifier. In season, it helps in reducing the tack and provides smooth waxy feel to the leather. The product exhibits good polishability and can be combined with PUD 48 KT and other auxiliaries for polishing grounds where its special formulation provides excellent masking of grain defects and improves the uniformity of absorption.

FILLERS/
WAXES/
MODIFIERS

FILLER KT may also be used alone, or in combination with other modifiers like Finish M 45 and Celina 34 KT, as final feel coat on finished leathers to impart permanent waxy feel.

FILLER KT has good plate releasing properties and also finds its use in anionic finishing system after checking its compatibility with other products used in season. Leathers finished with **FILLER KT** also gain in softness.

SUGGESTED APPLICATIONS:

Polishing Ground	:	30 parts	Black NA	
		30 parts	Novocat Black R	
		100 parts	FILLER KT	
		620 parts	Water	
		150 parts	Brillento 91 KT	1 to 2 X coats,
		70 parts	PUD 48 KT	dry well, Polish.
Season Coat	:	10 parts	Black NA	
		30 parts	Novocat Black R	
		30 parts	FILLER KT	
		30 parts	Celina 34 KT	
		100 parts	Brillento 91 KT	
		660 parts	Water	
		100 parts	PUD 40 KT	2 to 3 X coats,
		50 parts	PUD 48 KT	dry well, Finiflex.

Note : Suggested formulations are only for guidance and necessary modifications must be made to achieve a particular result.
