| pH (10% Sol.) | : N.A. |
| Flexibility | : Good |
| Film Hardness | : Medium |
| Gloss | : Matt |
| Shelf Life | : Six months |

MATT TOP is a matt top coat which imparts a smooth and waxy handle. It is used alone or with the other lacquers to achieve required dull effect.

MATT TOP is specially suitable for Nappa for bags and garments for varying degree of dullness and feel when used with compatible touch modifiers.

MATT TOP can also be used as matting agent for emulsion lacquers.

SUGGESTED APPLICATIONS:

MATT TOP can be diluted with solvent in the ratio of 1:3 to 1:4 depending on the degree of dullness required.

MATT TOP can be mixed with Top 46 / Top 26 for regulating the gloss.

Note : Suggested formulations are only for guidance and necessary modifications must be made to achieve a particular result.
