Film Hardness	: Medium Soft
Gloss	: Medium

Non Yellowing, NC free, Sovent Borne, White Pigmented Top Coat, for 'a pure and neutral' look on white leathers.

WHITE TP is a highly lightfast , solvent dilutable pigmented top coat for high end white leathers . It provides medium gloss , a smooth & soft sur face feel , good flex , and has excellent light/ heat ageing properties . The product being free of any nitro compounds is safe for the production of w hite shoes , upper leathers where PU soles will be attached later .

WHITE TP has good flow properties and is quite economical in app lication because of its high pigment content and excellent covering ac tion. It is recommended to avoid use of any other auxiliar y or plasticizer in White T op as additives may affect its lightfastness .

Usage

Stir before use 

WHITE TP is a readily pourable solution . It is dilutable with organic thinners composed of acetates and primar y alcohols . The dilution ratio shud be 1:1.

Top Coat	:	100	parts White Top
		100	parts Butyl Acetate

The product may separate into layers on prolonged standing .
The homogenous form is restorable by simple stirring .
