Storage : Store between +5 ' c to 35 ' c in original pack, well-sealed.
Shelf-life : Product is stable for 6 months from the date of production.

Non Flammable / Keep Flames Away

Store Indoors

Protect From Snow

Use Gloves/Ensure Ventilation

Soft polishing ground, general purpose primer, for defect coverage and upgradation of corrected or full grain leather.

PRIMER PFR is an extremely versatile soft polishing ground primer to be roller coated on sheep, goat and bovine leathers, both full grain and corrected, alone or together with soft polyurethane or with a penetrating acrylic resin. For corrected grain it evens out the absorption, while for full grain, it softens the grain preparing for subsequent coating.

PRIMER PFR masks the defects very well and, has a high coating coverage with a uniform action. It prepares the leather for subsequent mechanical operations. Leather surface gets a very natural waxy touch, a good matt look and an excellent plating property. Generally compatible with all finishing products except cationic.

Usage

For Sealing	:	200	parts	Primer PFR	
		50	parts	Luber 205	
		700	parts	Water	
		50	parts	Acril-m M 701	
					Spray One
					Cross coat, air
					off and polish
For Burnishing effect	:	150	parts	Primer PFR	
		850	parts	Water	
Season Coat	:	30-50	parts	Primer PFR	
		950	part	Normal Season Mix
