Deodorised Bisulphited Fish Oil + Synthetic Tri-Ester blend for softness, fullness & tight grain.

UPHOL 9R is a specially developed blend to provide exceptional softness and internal lubrication to upholstery leathers and make the grain of the leather soft, elastic, and well lubricated without any looseness. It is well suited for the production of upper leathers where softness is of prime importance.

UPHOL 9R exhibits very good heat and light fastness and the treated leathers have no offensive smell and possess good anti - ageing properties. Being electrolyte stable, it can be used before neutralization, where it confers extra softness to the treated leathers.
