Leather Chemicals quality systems are essentially built around control of restricted substances (RS). The most important guidance of RS often comes from the European agency REACH (Registration, Evaluation and Authorization of Chemicals). In recent years registration with agencies like ZDHC (Zero Discharge of Hazardous Substance) has also become essential to support tanneries that export leather products to the EU and USA. The company ensures full compliance with REACH regulations and has completed ZDHC testing and registration of 39 products that are fast selling and constitute 90% of the sales. The testing under ZDHC is a work in process and more products are under testing and registration.

Product quality consistency, application quality, shelf-life stability, and Company's "Green-Trek" safety and environmental ethos have been widely recognized by the customers. Internal screening and external testing have ensured zero incidence of detection of any of restricted substances (RS) listed under REACH. ISO 9001:2008 and ISO 14001:2004 systems undergo regular internal and external audits and have ensured strict compliance at each step. Complaints from the customer side are minimized to near zero.

## **EXPORT OPERATIONS:**

After the upheaval of the last two years, and struggle to maintain the existing international customer base, the company is now having a bullish outlook towards growth in export operations. Exports to Russia, Uzbekistan, Turkey, China, Bangladesh and Vietnam are back on track with a promising future. The company continues to add new markets like Morocco, Algeria. The openings made in Latin America suffered for a short period due to freight rate inflation, but due to continued efforts, the company hopes to consolidate its customer base in Latin America.

The company's future export growth focus will continue to be China. If the travel restrictions are eased off, the company is positive that export targets for China can be realized. The new product sampling to China customers has been initiated after the lifting of Covid restrictions in China. The company also hopes to revive the visits and product displays at important international leather fairs.

### **TECHNOLOGY DEVELOPMENT:**

For the year 22-23, the company undertook the following technology development projects towards improvement of production processes.

**Recovery of wastewater:** The Company's products require purification of water using RO and demineralization process. This results in a lot of wastewater discharge and increased load of effluent treatment. The company added a second stage RO for further recovery of purified water from the wastewater stream. This immensely reduced the need to draw ground water. The second stage RO and water recovery will improve the water table around the factory compound that is diminishing fast.

**Reduction of evaporation losses:** The company attempted reduction of evaporation losses of some key raw materials stored in underground storage tanks due to atmospheric venting. During extreme summers, it is feared that highly volatile raw materials evaporate causing a small percentage of material losses. The company researched the application of breather valve technology and implemented it to reduce venting losses. Highly evaporative materials like Acrylonitrile, Iso Propanol and Ethyl Acrylate are no longer escaping into the atmosphere through their storage tank's vent. The breather valves further ensure that tank pressure buildup during filling and vacuuming during draw-out is neutralized due to the action of the breather valve. This way no material loss takes place. The benefit of the breather valve is further validated by Ultrasonic level sensing using state of the art Level sensors.

### **PERSONNEL & INDUSTRIAL RELATION:**

The company's employees have demonstrated continued commitment towards growth, a collaborative attitude in teamwork and increased awareness of safety matters. This has been made possible by ensuring that department managers define tasks more clearly and enable their juniors to have more flexibility and independence in day-to-day working and future projects. The marketing, finance and sales team demonstrated exemplary courage to fulfill their respective targets. There is no incidence of any unresolved grievance of an Employee. The management and employee relations continue to enjoy a bond of trust and mutual respect.

### **ENVIRONMENT & POLLUTION CONTROL MEASURES:**

During the year, the company switched to LPG from SUPERGAS-Netherland. LPG is a much cleaner fuel as compared to diesel or Biodiesel. The installation of the second stage RO helped improve water recovery. A changeover from DM to RO water in some products was successfully implemented. This helped reduce Demineralized water production that eventually reduced acid and alkali wash. Though the Company had successfully installed CEMS (Continuous Emission/Effluent Monitoring System) to provide continuous information to HSPCB, but with the changeover to LPG reduced flue gas emission to nil.

The company's sustainability goals relating to wastewater recovery, reduction in ground water usage, cleaner fuel and improved energy efficiency will continue to remain at the core of environment and pollution control measures and will outperform the statutory regulations. The company has also started inviting proposals for 80-100 KW of rooftop solar energy generation. Various proposals from leading solar energy companies have been received and are currently under evaluation.

**ACKNOWLEDGEMENT:**

The company's suppliers, dealers, service providers, and technical consultants have continued their wholehearted support and the Directors deeply appreciate their role. The Directors extend their most sincere thanks to all employees for their commitment to revive the production and sales operation to pre-covid levels. The Directors are thankful to the esteemed shareholders for their continued support and the confidence reposed in the Company and its management.

#### B) TECHNOLOGY ABSORPTION:

## a) RESEARCH & DEVELOPMENT (R & D)

### 1. SPECIFIC AREA IN WHICH R & D WAS CARRIED OUT:

For the year 22-23, the company undertook the following technology development projects:

**Recovery of wastewater:** The Company's products require purification of water using RO and demineralization process. This results in a lot of wastewater and an increased load of effluent treatment. The company added a second stage RO and ultrafiltration for further recovery of purified water from the wastewater stream. This immensely reduced the need to draw ground water. The second stage RO and water recovery will improve the water table around the compound that is diminishing fast.

**Reduction of evaporation losses:** The Company attempted reduction of evaporation losses of some key raw materials stored in underground storage tanks due to atmospheric venting. During extreme summers, it is expected that highly volatile raw materials evaporate causing a small percentage of material losses. The company researched the application of breather valve technology to reduce venting losses. Highly evaporative materials like Acrylonitrile, Iso Propanol and Ethyl Acrylate are no longer escaping into the atmosphere through their storage tank's vent. The breather valves ensure that tank pressure build-up during filling and vacuuming during draw-out is neutralized due to the action of the breather valve. This way no material loss takes place. The benefit of the breather valve is further validated by Ultrasonic level sensing using state of the art Level sensors.

### 2. BENEFITS DERIVED AS A RESULT OF ABOVE R&D:

The implementation of the second stage RO enabled the company to produce near DM quality water using the RO route. This resulted in reduced wastewater, improved efficiency in purified water output, reduced acid and alkalis going to primary water treatment facility.

The technology of breather valve in the underground tanks ensured safety of underground tanks during pressurization and vacuuming. Besides safety, the controlled venting reduced evaporation losses, improved air quality around the storage tank area, improved safety during loading and unloading of materials.

### 3. FUTURE PLAN OF ACTION:

For the year 23-24, the company has undertaken following product development projects with a view to address new market trends and sales growth in non-leather product lines:

**New Range of Pigment Dispersions:** The company's pigment dispersion range needs a revision to address the new technology and application trends in leather production. The company has evaluated some top international brands and has decided to offer high coverage, high tinting strength pigment dispersions that exhibit a very narrow particle range and highly stable rheology properties.

**PVC additives streamlining:** The Company's PVC products require streamlining and benchmarking with new foreign brands that are gaining market share in Indian PVC processing industry. The company plans to add sophisticated testing equipment like Torque-Rheometer to deeply analyze PVC fusion behavior and draw a comparison of company's products with leading brands. This data will be shared with leading customers who are a bit reluctant to switch their current applications to more advanced product offerings

that the company plans to launch. The company also envisages expansion of an internal R&D team and foreign consultants.

These technologies will render long term benefits in terms improved process control & efficiency, yield improvement, safety and manpower optimization.

#### **4. R & D EXPENDITURE**

- a) Capital: NIL
- b) Recurring: 54.50 Lakh
- c) Total 54.50 Lakh
- d) Total R&D Expenditure: 1.28% Lakh as percentage of total turnover

#### **C) TECHNOLOGY ABSORPTION, ADAPTATION & INNOVATION**

- a) All previously imported technologies have been fully absorbed and commercialized.
- b) The indigenously developed technologies of previous years have been absorbed and commercialized.

#### **D) FOREIGN EXCHANGE EARNINGS & OUTGO**

- a) The Company's foreign exchange earnings from the exports (Inclusive of foreign exchange fluctuations) were Rs. 832.30 Lakh.
- b) The expenditure in foreign exchange during the financial year under reviews Rs 93.00 Lakh. This is related to payment towards raw materials, import of capital goods, payment of overseas travel of Directors & Employees

## **MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT**

### **1. Industry Structure:**

The Global Leather Chemical market size is expected to grow USD 8.39 billion in 2022 to USD 9.04 billion in 2023 at a compared growth rate of 7.7%. The Russia-Ukraine war disrupted the chances of global economic recovery from the Covid-19 pandemic at least in the short term. The Increased demand for premium products is expected to propel the leather chemical market. The growing economy and purchasing power of common consumer have increased the demand of high end premium products. Premium products include high end leather for footwear apparel and alternative.

### **2. Opportunities & Threats:**

#### **Opportunities:**

1. Abundant scope of supply of finished leather to multinational setting up shop in India.
2. Technology advancement – Introduction of new technology such as artificial intelligence. Machine learning has led to the development of more advanced and efficient leather manufacturing process. This made it easier for tanneries to manufacturer high quality leather in shorter period.
3. The globalization of the economy has opened up new markets for leather manufacturing to explore with the increasing demand for leather manufacturers can tap into international market and expand their reach beyond their domestic market.
4. India is 5th largest export of leather goods and accessories in the world. The leather industry in India accounts to 13% of the world production of hide / skin and handle a robust annual production of about 3 billion sq/ft.

#### **Threats:**

1. Competition: The leather manufacturing industry is highly competitive, with many players vying for a share of market. This makes it challenging for manufacturers to differentiate themselves and stand out from the crowd.
2. Cost pressures: Manufacturing leather can be expensive, and manufacturers need to keep their costs under control to remain profitable. This can be challenging, particularly in the face of increasing raw material costs, labor costs, and other expenses.
3. Regulatory compliance: The leather manufacturing industry is subject to a range of regulations and standards which manufacturers must comply with to ensure the safety and quality of their products. This can be challenged particularly for small manufacturers who may not have the resources to comply with all the requirements.
4. There is stiff competition from other countries like China, Indonesia, Thailand, Vietnam and Brazil which are more competitive than India; so as an industry India should have at least four key markets for leather with a minimum of 10% share.
5. Challenges from synthetic leather, perpetual dependence on western markets, inelastic supply of raw materials.

### **3. Segment-wise or product-wise performance:**

The company continues to maintain its market share in high performance wet end products especially in Kanpur and Kolkata market. The competition in Synthetic Tanning Agents being a commodity item has kept the market very tight. Any effort to increase prices results losing some market share.

In the finishing chemical segment companies Acrylic Binders, PUD's, Compacts are being recognized well in both domestic and international market, resulting increase in sales this year. These products are being recognized well especially South India market which caters 40% of the total leather products in India. Company is planning to open a warehouse in Tamil Nadu so that round there is round the clock material availability for South customers and it would help to will boost sales.

The sale in domestic sector is stable and there is a growth in business to business sales.

### **4. Outlook:**

The Indian leather industry has been one of the country's oldest and largest industries, contributing significantly to the country's economy. It is the second-largest employer after the agricultural sector in India.

The Indian leather industry is valued at \$17 billion and employs over 4 million people. It accounts for 12.9% of the world's leather production and is the third-largest exporter of leather and leather products globally, after China and Italy.

The Indian leather industry has several strengths, such as the availability of raw materials, skilled labor, and a large domestic market. India has a large population with a growing middle class, which is driving demand for leather products. The Government has also taken several initiatives to support the leather industry, such as the establishment of the Indian Leather Development Program (ILDLP) and the Leather Sector Skill council (LSSC). These initiatives aim to improve the quality of leather products, increase exports, and provide training to the workforce.

The Indian leather industry has immense potential for growth in the future. The global leather market is projected to grow at a CAGR of 5.1% from 2021 to 2026, driven by increasing demand for leather products in the fashion industry. India's growing middle class, rising disposable income, and increasing urbanization are expected to drive the demand for leather products in the country. The Indian leather industry can also benefit from the ongoing trade tensions between the USA and China, as it can increase its exports to the USA, which is its largest export market.

### **5 Risks & Concerns:**

1. Ethical Concern. The lack of transparency in the leather supply chains make it difficult to ensure ethical practices, particularly in relation to animal welfare and human rights. It can be challenging to verify whether animals are being treated humanely and whether workers are being treated fairly.
2. Suitability Concern. The leather industry has a significant environmental impact, and it is challenging to track the origin of raw materials and ensure sustainable practices. The lack of transparency can make it difficult to identify unsustainable practices, such as deforestation, and take appropriate action.

**3. Legal compliance:** The leather industry is subject to various regulations and laws, such as labor laws, environmental regulations, and animal welfare laws. The lack of transparency can make it challenging to ensure compliance with these regulations.

4. Reputation risk: The lack of transparency can damage a company’s reputation, particularly if it is discovered that unethical or unsustainable practices are being used in the production of leather products.

**6. Internal control systems and their adequacy:**

The Company’s internal control, focus on reliable financial reporting, compliance with laws, regulations and policies. The accounting and auditing assured operational effectiveness and efficiency. Management information systems, demand forecast, purchase and production planning are integrated with SAP based system with transparency of data for key personnel.

The data security has been tightened online or offline.

**7. Discussion on financial performance with respect to operational performance:**

The increase of profit as compared to last year is mainly due to increased sale, tight control on cost, efficient production and materials planning. Also company switching to LPG fuel from diesel and has help to reduce the production cost.

**8. Material developments in Human Resources/ Industrial Relation front, including number of People employed:**

The Company’s talent pool remains adequate and is concentrating on more specialized knowledge on laboratory practices, ISO Quality systems, ZDHC and production efficiency. There are no unresolved grievances of workers who have exhibited strict discipline and cordial relations with the management. Increments have remained aligned with market trends across all levels of employees.

Number of employees as on 31.03.2023 was 90.

## **INDEPENDENT AUDITOR'S REPORT**

### **To The Members of HARYANA LEATHER CHEMICALS LIMITED Report on the Audit of the Standalone Financial Statements**

#### **Opinion**

We have audited the accompanying standalone financial statements of HARYANA LEATHER CHEMICALS LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there- under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

### **Information Other than the Financial Statements and Auditor's Report Thereon**

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind. AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and

to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

## **Annexure A to Independent Auditor's Report**

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of HARYANA LEATHER CHEMICALS LIMITED of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("The Act")

1. We have audited the internal financial controls over financial reporting of HARYANA LEATHER CHEMICALS LIMITED ("the Company") as of March 31, 2023 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the act.

### **Auditors' Responsibility**

2. Our responsibility is to express an opinion on the company's internal financial control over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on audit of internal financial control over financial reporting (the "Guidance Notes") and the standards on auditing deemed to be prescribed under section 143(10) of the act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those standards and the guidance notes require that we comply with ethical requirements and planned and performed the audit to obtain reasonable assurance about whether adequate internal financial control over financial reporting was established and maintained and if such controls operated effectively in all material respects.
3. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls system over financial reporting included obtaining an understanding of internal financial controls system over financial reporting, assessing the risks

that material weakness exists, and testing and evaluating the design and operating effectiveness of the internal control based on the assessed risk. The procedure selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the Standalone Financial Statements, whether due to fraud or error.

4. We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion on the company's internal financial controls system over financial reporting.

### **Meaning of Internal financial controls over financial reporting**

5. A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1.) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company (2.) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorization of management and directors of the company ; and (3.) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

### **Inherent Limitation of Internal financial controls over financial reporting**

6. Because of the Inherent limitation of internal financial controls over financial reporting, including the possibility of collusion or improper management over-ride of controls, material misstatements due to error or fraud may occur and not be detected. Also, projection of any evaluations of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

7. In our opinion, the company has, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2023 based on the internal financial controls over financial reporting criteria established by the company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

**ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT**

**(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of HARYANA LEATHER CHEMICALS LIMITED of even date)**

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
  - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.  
(B) The Company does not have any intangible asset and hence reporting under clause 3(i)(a)(B) of the Order is not applicable
  - (b) The Company has a program of physical verification of Property, Plant and Equipment so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
  - (c) Based on our examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties, disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
  - (d) The Company has not revalued any of its Property, Plant and Equipment (including right- of-use assets) and intangible assets during the year.

- ii. (a) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification  
(b) The Company has not been sanctioned working capital limits in excess of 5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.
- iii. The company has not made investments in, not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties, during the year, and hence reporting under clause 3(iii) of the Order is not applicable.

- iv. In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of section 185 and section 186 of the Companies Act 2013 are applicable and hence reporting under clause 3(iv) of the Order is not applicable.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. The maintenance of cost records has not been specified by the Central Government under subsection (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.
- vii. In respect of statutory dues:
  - (a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees. State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.  
There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees. State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.
  - (b) According to the information and explanations given to us, there are no statutory dues referred to in sub-clause (a) above which have not been deposited on account of any dispute
- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable.
  - (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
  - (c) The Company has not taken any term loan during the year and the outstanding term loans at the beginning of the year was applied for the purpose for which the loans were obtained.
  - (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
  - (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
  - (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.

- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.  
(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.  
(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.  
(c) We have taken into consideration the whistle blower complaints received by the Company during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.  
(b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.  
(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The section 135 (Corporate Social Responsibility) of the Companies Act, 2013 is not applicable to the company. hence, reporting under clause (xx) of the Order is not applicable to the Company

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss towards expected risk of delays and default in collection.

Trade receivables are unsecured and are derived from revenue earned from providing healthcare and other ancillary services. No interest is charged on the outstanding balance, regardless of the age of the balance. There are customers who represents more than 5% of the total balance of trade receivable. The risk of non-payment from these customers is considered low as most of these balances are running balance and regular customer.

The Company uses judgements in making certain assumptions and selecting inputs to determine impairment of these trade receivables, based on the Company's historical experience towards potential billing adjustments, delays and defaults at the end of each reporting period. The provision matrix used to compute the expected credit loss allowance for different categories of trade receivables is as follows.

<b>Ageing</b>	<b>Expected Credit Allowance %</b>
0 - 1 year	0% - 50%
1 - 2 year	15% - 100%
2 - 3 year	40% - 100%
More than 3 years	70% - 100%

## HARYANA LEATHER CHEMICALS LIMITED

### NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

---

#### 1) Nature of operations

Haryana Leather Chemicals Limited (the 'Company') was incorporated on 22<sup>nd</sup> January, 1985 as a Indo- Italian Joint Venture with ICAP-SIRA, Italy focusing on bringing leading product technology from technical alliances in Italy and Spain, resulting in an extensive range of chemicals, coatings and dispersions.

The registered office of the Company is located in HSIIDC Industrial Estate, Hansi Road, Jind-126102, Haryana and the corporate office of the Company is located at 1405-B, Signature Towers, South City -I, Gurugram-122001, Haryana.

#### 2) Application of new and revised Ind ASs

On 16 February, 2015, the Ministry of Corporate Affairs ("MCA") notified the Companies (Indian Accounting Standards) Rules, 2015. The rules specify the Indian Accounting Standards (Ind AS) applicable to certain class of companies and set out dates of applicability. Haryana Leather Chemicals Limited, to whom Ind AS is applicable from 01 April, 2017 as defined in the said notification, is required to apply the standards as specified in Companies (Indian Accounting Standards) Rules 2015 and accordingly the Company has adopted Ind AS from 01 April, 2017 with transition dates as on 01 April, 2016.

As at the date of authorisation of the financial statements, the Company has not applied the following revisions to the Ind AS that have been issued by MCA but are not yet effective:

Ind AS 102 (Amendment)	Measurement of cash settled awards, modification of cash settled awards and equity settled awards that includes a 'net settlement' feature
Ind AS 7 (Amendment)	Disclosure of changes in liabilities on account of financing activities.

The directors of the Company do not expect that the adoption of the amendments to the standards will have an impact on the financial statements of the Company.

#### 3) Significant accounting policies

##### 3.1 Statement of Compliance

The financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015.

### **3.2 Basis of preparation and presentation**

The financial statements have been prepared on the historical cost basis.

Historical Cost is generally based on the fair value of the consideration given in exchange of goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company taken into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

### **3.3 Revenue Recognition**

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for returns, trade allowances for deduction, rebates, goods & service tax and amounts collected on behalf of third parties.

#### **Operating Income**

Revenue from sale of manufactured products is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The Company collects Goods & Service Tax (GST) and other taxes on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

#### **Interest income**

Interest income is recognized on accrual basis.

### **3.4 Foreign currencies**

Foreign Currency transactions are recorded at the exchange rate prevailing at the date of transaction and monetary items denominated in foreign currency are restated at rates prevailing on the date of balance sheet. The exchange fluctuation arising is shown as "Foreign Exchange Fluctuation Gain / (Loss)" in the statement of profit and loss as per the requirement of Ind AS 21 "The Effects of Changes in Foreign Exchange Rates."

### **3.5 Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

### 3.6 Government grants

Government grants are not recognized until there is reasonable assurance that the Company will comply with the conditions attaching to them and such grants can reasonably have a value placed upon them.

Government grants are recognised in profit or loss on a systematic basis over the period in which the Company recognizes as expenses the related costs for which the grants are intended to compensate.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognized in profit or loss in the period in which they become receivable.

### 3.7 Employee benefits

#### i) Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans like provident fund and Employee State Insurance, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at each Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to the statement of profit and loss. Past service cost is recognized in the statement of profit and loss in the period of a plan amendment.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The company presents the first two components of defined benefit costs in the statement of profit and loss in the line item 'Employee benefits expense' and "Finance Cost" respectively. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognized at the earlier of when the company can no longer withdraw the offer of the termination benefit and when the company recognizes any related restructuring costs.

#### **ii) Short-term and other long-term employee benefits:**

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the company in respect of services provided by employees up to the reporting date.

#### **iii) Contributions to provident fund**

The Company makes contributions to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952. Provident Fund is a defined benefit scheme the contribution of which is being deposited with "Employees Provident Fund Organisation"; such contribution to the organisation additionally requires the Company to guarantee payment of interest at rates notified by the Central Government from time to time, for which shortfall, if any has to be provided for as at the balance sheet date.

### **3.8 Taxation**

Income tax expense represents the sum of the tax currently payable and deferred tax.

#### **i) Current tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates.

#### **ii) Deferred tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in computation of taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition

(other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

In the case of unused tax losses probability is evaluated considering factors like existence of sufficient taxable temporary differences, convincing other evidence that sufficient taxable profit will be available.

At the end of each reporting period, the company reassess unrecognized deferred tax assets and, the company recognizes a previously unrecognized Deferred Tax Asset to the extent that it has become probable that future taxable profit will allow the Deferred Tax Asset to be recovered.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable company and the same taxation authority.

### **iii) Current and deferred tax for the year**

Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

### **3.9 Property, plant and equipment(PPE)**

For transition to Ind AS, The Company has elected to continue with the carrying value of all of its PPE recognized as of 01 April, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Land and Building held for use in the supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Freehold Land is not depreciated

PPE are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

### **Components of costs**

The cost of an asset includes the purchase cost including import duties and non-refundable taxes, borrowing costs if capitalization criteria are met and any directly attributable costs of bringing an asset to the location and condition of its intended use.

Subsequent expenditure related to an item of PPE is added to its carrying value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance.

All other expenditure related to existing assets including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss in the period during which such expenditure is incurred.

The carrying amount of a PPE is de-recognized upon disposal of PPE or when no future economic benefits are expected from its use. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

Depreciation commences when the assets are ready for their intended use. Pursuant to the applicability of Schedule II of the Companies Act, 2013, depreciation on all PPE except land are provided on a straight line method based on the estimated useful life of PPE.

Residual values of assets have been considered at 5% of the original cost of the assets.

The depreciation calculation is based on the balance useful lives of assets and shift working. Depreciation on assets used on double shift basis have been increase by 50% for that period and Depreciation on assets used in triple shift basis have been increase by 100% for that period, except for assets in respect of which no extra shift depreciation is permitted (indicated by NESD in Part C of the schedule).

The useful life of PPE are reviewed at the end of each reporting period if the expected useful life of the asset changes significantly from previous estimates, the effect of such change in estimates are accounted for prospectively.

### **3.10 Inventories**

Raw materials have been valued at cost on FIFO method.

Stores & Spares and Packing material have been valued at cost on FIFO method,

Work in Process has been valued at Raw material cost plus proportionate conversion cost. Finished

Goods lying at factory have been valued at Raw material cost plus conversion cost.

### **3.11 Provision**

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

### **3.12 Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

### **3.13 Segment Reporting**

The Company is in the business of manufacturing of leather chemicals which is the only reportable business segment as per Ind AS 108 'Operating Segments'.

### **3.14 Earnings per share**

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares.

Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of common shares outstanding during the period.

Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders, and the weighted average number of equity shares outstanding, for the effects of all dilutive potential equity shares. For the purposes of calculating basic EPS, shares allotted to ESOP trust pursuant to employee share based payment plan are not included in the shares outstanding till the employees have exercised their rights to obtain shares after fulfilling the requisite vesting conditions. Till such time, the shares are allotted are considered as dilutive potential equity shares for the purposes of calculating diluted EPS.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease earning per share from continuing operations. Potential dilutive equity shares are deemed to be

converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

### **3.15 Operating cycle**

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

### **3.16 Financial Instrument**

Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### **Financial liabilities**

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair Value Through Profit & Loss (FVTPL).

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

#### **Foreign exchange gains and losses**

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognized in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognized in profit or loss.

#### Cash and cash equivalents (for the purpose of Cash Flow Statement)

Cash and cash equivalents in Cash Flow Statement comprise cash at bank and in hand and fixed deposits maturity within 12 month with banks, which are subject to an insignificant risk of changes in value.

### iii) Financial risk management objectives

The Company's Corporate Treasury function provides service to the business, co-ordinates access to domestic and international financial markets including market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Audit & Risk Committee manages the financial risk of the company through internal risk reports which analyse exposure by magnitude of risk.

#### Market Risk

The company's activities majorly do not expose to the financial risks of changes in interest rates and foreign currency exchange rates.

#### a) Interest rate risk management

The company is not exposed to interest rate risk because company borrow funds only at fixed interest rates and company also does not have any borrowings except working capital loan.

#### b) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The company takes due care while extending any credit as per the approval matrix approved by ECRM.

#### c) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the company's short-term, medium-term and long-term funding and liquidity management requirements. The company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. Note given below sets out details of additional undrawn facilities that the company has at its disposal to further reduce liquidity risk.
